

Elastic Model Performance

Elastic Net R^2 Visualized

////////////////////////////////////

Mean squared error:

504.5795

Root mean squared error:

22.46285

Normalized root mean

squared error: **0.2268975**

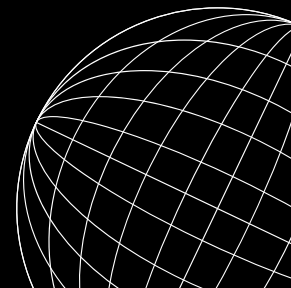

R^2 value of model:

0.09332926

Adjusted R^2 value of

model: **0.07486004**

////////////////////////////////////

A decorative wavy line on the left side of the slide, transitioning from red at the top to blue at the bottom.

How well does **EN** predict a song in the top X tracks?

52%

X = 60

58%

X = 50

49%

X = 30

*percentages given as
balanced accuracy

A decorative wireframe sphere at the bottom center of the slide.
